MUMBO BUMBO JUMBO

and the CELEBRATION OF WATER & NATURE

Once upon a time, Mumbo Bumbo Jumbo, a zany German explorer, and his crew researched the rivers of the world. On one of their many adventures they landed in Kansas City, Kansas. While exploring, the crew discovered a mystic underground river protected by magical creatures who gathered every night. Mumbo Bumbo Jumbo & his crew were so inspired by the magical creatures and the beauty of the area that they wanted to share it with everyone! They worked together to build Schlitterbahn Vacation Village Waterpark from nature. Celebrate the preservation of natural beauty everyday and come play at Schlitterbahn Vacation Village Waterpark!

 - Moderate thrill rides and/or water depth to 48 inches. These attractions are suitable for supervised inexperienced riders, beginner swimmers or partially handicapped guests. Some rider control and maneuvering is required.
 - Aggressive ride action with deep water or moderate-to-high speeds, requiring rider control and/or strong swimming skills. Physical activity may be strenuous. For in-shape guests with no medical restrictions.
